I have read and understand the above: _____

Date: _____

Signature of Red Barn Boarder

The courtyard/garden area and event room is often leased to the public for weddings, corporate parties, and other special events. HCPEC management will ensure the guests of these events will not have access to the barn area during these special events. The Event room and front entrance to the barn area will be closed to all Red Horse Barn boarders during all events and the back road will be open to Red Horse Barn boarders for access to their horse(s) during any and all events. HCPEC Management is present at all times during the special event to ensure the safety to the horses.
